

Colorado Measures of Academic Success (CMAS)
2024 State Achievement Results
English Language Arts and Mathematics
Based on the Colorado Academic Standards

Interpretation Considerations

- Interpretation of school, district, and state results should be made with caution when participation rates are low and/or representativeness* is limited.
- Cross-state comparisons should consider differences in participation rates and representativeness* across schools, districts, and student groups.
- Cross-year comparisons should consider differences in participation rates and representativeness* across years.

*Representativeness: how well the demographics of the tested student population mirrored the demographics of the enrolled student population

Colorado Measures of Academic Success (CMAS)
2024 State Achievement Results
English Language Arts and Mathematics
Based on the Colorado Academic Standards

Interpretation Considerations

- Interpretation of school, district, and state results should be made with caution when participation rates are low and/or representativeness* is limited.
- Cross-state comparisons should consider differences in participation rates and representativeness* across schools, districts, and student groups.
- Cross-year comparisons should consider differences in participation rates and representativeness* across years.

*Representativeness: how well the demographics of the tested student population mirrored the demographics of the enrolled student population

Colorado Measures of Academic Success (CMAS)
2024 State Achievement Results
English Language Arts and Mathematics
Based on the Colorado Academic Standards

Interpretation Considerations

- Interpretation of school, district, and state results should be made with caution when participation rates are low and/or representativeness* is limited.
- Cross-state comparisons should consider differences in participation rates and representativeness* across schools, districts, and student groups.
- Cross-year comparisons should consider differences in participation rates and representativeness* across years.

*Representativeness: how well the demographics of the tested student population mirrored the demographics of the enrolled student population

Colorado Measures of Academic Success (CMAS)
2024 State Achievement Results
English Language Arts and Mathematics
Based on the Colorado Academic Standards

Interpretation Considerations

- Interpretation of school, district, and state results should be made with caution when participation rates are low and/or representativeness* is limited.
- Cross-state comparisons should consider differences in participation rates and representativeness* across schools, districts, and student groups.
- Cross-year comparisons should consider differences in participation rates and representativeness* across years.

*Representativeness: how well the demographics of the tested student population mirrored the demographics of the enrolled student population
