As provided in previous testing windows the 2014-2015 Colorado ELP Checklist is available to guide using WIDA MPI's to measure the English Language Proficiency of students that are Deaf/Hard of Hearing (DHH) or Vision Impaired (VI). The Colorado ELP Checklist is appropriate for students that are not able to access the ACCESS for ELLs (completely or some domains) assessment due to a hearing or vision impairment.

A webinar on how to use the checklist has been recorded and is available.
Colorado ELP Checklist Webinar: **http://connect.enetcolorado.org/p1afoo41d2g/**

Since the checklist is available for download within the webinar, the webinar is password protected. District Assessment Coordinators will need to contact either Heather Villalobos Pavia or Margo Allen to request the password.
