

## **Behavior Intervention Plan Form**

The development of this document is due to the efforts of the FBA Workgroup. This task force developed the FBA Summary Report through the collaboration of educators, administrators, special service providers, and university staff. We would like to extend a special thanks to contributors:

Alicia Davidson – School Psychologist, Denver Public Schools Bill Brown – Affective Needs/Serious Emotional Disability Specialist, Colorado Department of Education

**Brandi Durr** – School Psychologist, San Juan BOCES

- **Brandon Edelman** Dispute Resolution and Policy Supervisor, Colorado Department of Education
- Brooke Carson Autism Specialist, Colorado Department of Education
- Dawn Cruickshank Behavior Specialist, Mesa District 51
- Deirdre Martinez Behavior Specialist, Douglas County Schools
- Eric Larson Social Worker, Durango 9-R Schools
- Erin Frank School Psychologist, Jefferson County School District
- Heather Hotchkiss Principal Brain Injury Specialist, Colorado Department of Education
- Jennifer Tilley Behavior Specialist, Douglas County Schools
- JJ Gross Behavior Specialist, Community Agency
- Kate Tober Behavior Specialist, Cherry Creek Schools
- Keith Sousa Behavior Specialist, Douglas County Schools
- Kim Avalos Special Education Coordinator, Cherry Creek Schools

- Krista Klabo School Psychology Specialist, Colorado Department of Education
- Kristine Melloy Professor, School of Special Education, University of Northern Colorado
- Liz Nardini District Coordinator, Cherry Creek Schools
- Lynne DeSousa MTSS Specialist/RTI and PBIS Integration Coordinator, Colorado Department of Education
- Mari Stevenson Special Education Coordinator, San Juan BOCES
- Megan Weatherly Board Certified Behavior Analyst, St Vrain Valley School District
- Michael Ramirez General Supervision and Continuous Improvement Supervisor, Colorado Department of Education
- Nicole Foster Autism Special Education Instructional Specialist, Denver Public Schools
- Oded Naiman Board Certified Behavior Analyst, Denver Public Schools
- Robyn Klein Associate Director, Sierra School at Barrett
- Royce Tranum Behavioral Health Coordinator, San Juan BOCES
- Trisha Giallanza- Behavior Specialist, Mesa District 51

## BEHAVIOR INTERVENTION PLAN (BIP)

Sources of Information:
List sources of information used in FBA, both formal and informal, to develop this plan.
Student Interview
Parent Interview
Teacher Interview
Rating Scales
ABC Data and Student Observations
Record Review
Environmental Review
Missing Social Skills Inventory/Summary (cognitive, SEL, and/or academic skill gaps that might be driving or contributing to behavior)
Social History/Medical History
Reinforcement Inventory
C Other
Additional Comments:

Strengths-Based Profile
-------------------------

Identify skills and interests, positive relationships, pro-social behaviors, family and community supports, and other protective factors.

**Functional Behavioral Assessment (FBA) Summary Statement** Describe specific problem behavior and summary/hypothesis statement from FBA.

## Behavioral Goal and Evaluation

Indicate the desired behavior for the long-term goal and how the goal will be measured and by whom. Identify the desired performance level for increasing the occurrence of the desired behavior (criterion for success).

Goal:

Baseline:

Progress Monitoring Method	Frequency of measurement:	Criteria for success:	Person(s) responsible for data
(frequency, duration, intensity, or latency):			collection:
		Frequency of data review:	

Preventative and Proactive Strategies			
Setting Event Strategies (Reduce impact of setting events)	Antecedent Strategies (Decrease likelihood that behavior will occur)	Behavior Teaching Strategies (Alternative Behaviors)	
List strategies that will mitigate the impact of setting events identified in the FBA.:	List strategies that will decrease the student's motivation to engage in the target behavior:	List strategies that staff will use to teach the replacement behaviors that serve the same function as the target behavior:	
Build in a "alternate" routine when the setting event is present to diffuse the effects of a setting event:	Prompt replacement and/or desired behavior:	List the strategies that staff will use to teach the desired behavior.	

 

 Response Strategies

 Reinforcement Strategies (Reinforcement should match the function of the target behavior (i.e., the need of the target behavior is met))

1. List how the student will obtain reinforcement for replacement and desired behaviors (or approximations of those behaviors).				
2. List how to reduce or eliminate re	einforcement of the target behavior and redirec	t/prompt a replacement behavior.		
De-escalation Plan in Response	to a Crisis Situation			
If the student's behavior has the potential to	o produce harm (a crisis situation that results in danger to	o self or others), complete the below crisis intervention plan. The crisis intervention plan needs to include needed		
environmental modifications and staff verba	·			
Behaviors that constitute a crisis situati	on. List specific behaviors here.			
Phase 1: Accelerating Behaviors	Phase 2: Severe/Crisis Behaviors Student looks like:	Phase 3: Post Escalation Student looks like:

Contextual Fit				
What needs do personnel have in order to	implement this plan in the current educational environme	nl?		
Environmental Supports Training Resources				
Who needs to be involved?				
What type of training is needed?				
What resources are needed?				
What environmental supports modifications are needed?				

How will implementation fidelity be measured?     How will this plan be connected to the classroom and school-wide (universal and targeted) interventions and systems?   Based on a review of progress monitoring, how will this plan be faded/adjusted/reviewed?   Communication and Training of the Behavior Intervention Plan The plan will be communicated to the following people (i.e., bus thine, dinit aid, school resource office, etc.)   Person to be contacted:      How contact will be made:   Person responsible for contact:    Date/frequency of contact:    Who will communicate revisions and updates internally and externally?   Team Members:   Teamet, student, mental health worker, community agercy personnel, related service provider etc.   Parent:   Other:   Student:   Other:   Case Manager:   Other:
