

2024-2025 Attendance Snapshot

Changes from 2023-2024 are highlighted in yellow.

Purpose:

The purpose of the Attendance snapshot collection is to capture and report the student level attendance information for each school. The data reported in this collection is also used to pre-populate the Civil Rights Data Collection (CRDC) for LEAs.

Dependencies:

- Student has a record in the Student Interchange - Student Demographic file
- Student has a record in the Student Interchange - Student School Association file.
- Also, extracts students from the Title I interchange (if applicable to your LEA).

Record Expectation:

For a SASID to be added to the snapshot it must:

- Be in both the Student Demographic and Student School Association file.
- Be error free in those files.

Pull all error-free records from the Student School Association file that match the following criteria:

- School Code is a valid public school **AND**
- Pupil Attendance Information between 01 and 08 (students attending an educational program operated by the reporting LEA) **AND**
- Total Possible Attendance Days is greater than or equal to 10.0.
- Grade Level between 004 and 120 (PK-12th)
- Entry Date is not the same as the Exit Withdraw Date
- Primary School = 1

The records selected will be joined with data from Student Interchange using District Code, School Year, and SASID.
