READ Training Reporting Purpose:

Colorado school districts must annually ensure that all Kindergarten through 3rd grade (K-3) teachers who provide literacy instruction, 4th-12th grade reading interventionists, and school administrators (including principals) complete the training to meet the requirements of the READ Act. To receive per-pupil intervention money, districts must submit evidence of completion to the department for everyone required to take the training.

Dependencies:

Each staff has been assigned an Educator Identifier (EDID) and updated through the Educator Identification System (EDIS).

Record Expectation or Criteria:

In the READ Training Reporting file, the district should submit 1 record per staff required to take the training.
