

COLORADO Department of Education

PWR Endorsement Diploma Workgroup Meeting Notes Department of Higher Education Meeting Date: March 8, 2018 Meeting Time: 10:00am-2:00pm

No.	Discussion	Initiator
	Facilitators: Andy Tucker, CDE, and Carl Einhaus, CDHE	
	Attendees: Ron Marostica, Sterling, RE-1; Elaine Menardi, Colorado AeroLab; Spencer Ellis, CDHE; Todd Rinehart, University of Denver; Becky Sneller ,Wiggins; Elise Hauer, Adams 12; Tammy Ward, Community College System; Jennie Shilling, Greeley Schools; Deserie Ontiveros, MSU Denver; Luis Sandoval, MSU Denver; Jef Fugita, Jeffco; Diana Zakhem, Englewood; Tammy Lawrence, Boulder; Mimi Leonard, Littleton; Sheila Potorff, Poudre; Gabriel Castano, Johnson & Wales; Brandon Protas, Community College of Denver; Wayne Artis, Pikes Peak Community College; Kim Medina, Colorado School of Mines; Colleen Newman, University of Colorado/Boulder; Ian MacGillivray, CDHE; Robin Russel, Joanna Bruno, and Fumnanya Camara : CDE	
	Guest: NicoleTorpey –Saboe, CDHE	
	Welcome and Recap from last meeting	Andy Tucker,
	 Guiding Legislation: <u>Cap4K</u> – "Preschool to Postsecondary Education Alignment" included the first mention of the PWR Endorsed Diploma – an incentive and a stamp of readiness: C.R.S 22-7-1009 & 22-7-1017 <u>SB17-272</u> – "Postsecondary and Workforce Readiness Indicator" 	Director, Office of Post- secondary Readiness, CDE
	Review: Please reference <u>notes from the first meeting</u> of this workgroup, February 8, 2018. These notes include a discussion of the history of the endorsement, <u>Graduation Guidelines</u> , the <u>New Admission</u> <u>Policy (begins fall 2019)</u> from the Colorado Commission on Higher Education, and a <u>report and</u> <u>presentation</u> on the High School Metrics of Postsecondary Readiness from Education Commission of the states (measures of PWR).	
	 Guiding Questions: What is the compelling reason to offer this endorsement? And what does it mean for students? Who is the audience? 	
	• What are indicators? If Graduation Guidelines is the minimum, what are other indicators that predict success and credential completion for students in careers, the military, and/or college?	
	Predictors of Student Success (See <u>slides 6-12 in the Power Point from the meeting</u>)	Dr. Nicole Torpey- Saboe, Chief Financial Officer, DHE
	Nicole reviewed overlapping predictors: GPA, ACT, Concurrent Enrollment, and HEAR, then reported on the probability of retention and completion from year one to year two	
	 Here are the conclusions for RETENTION: High school GPA is the most powerful predictor of first year retention (approximately 20 percentage point difference between 2.0 and 4.0 GPA). 	
	 Concurrent enrollment and ACT scores are also strong predictors of retention (approximately 10 percentage point difference for taking concurrent enrollment, or moving from ACT of 15 to ACT of 35). 	
	 Meeting the HEAR requirements adds about 5 percentage points to the probability of first year 	

 retention after other factors are taken into account (likely a lot of overlap with above factors). Here are the conclusions for COMPLETION: High school GPA is by far the most powerful predictor of postsecondary completion. ACT scores, meeting HEAR requirements, and having taken concurrent enrollment each predict a smaller increase in likelihood of postsecondary completion. A combination of all of the above factors yields the highest predicted probability of postsecondary completion. 	
Mid-50% ranges of Admitted students to Colorado public colleges and universitiesAt the last meeting, workgroup members requested more information about the new admissions policy.Carl presented a chart of the mid-50% range for public colleges and universities in Colorado which paintsa more complete picture of incoming students (than the Index – which is retiring). It includes the mid50% for GPA, ACT, and SAT scores.	Carl Einhaus Director of Student Affairs, CDHE
Merit Scholarships for Colorado colleges Carl presented a <u>selection of resident freshman scholarships</u> from CSU, CU/Denver, Mesa, MSU Denver, UNC and Western State. Most schools adhere to GPA scores; however some schools have adopted a more holistic review of environmental factors in addition to GPA (high school courses, persistence, motivation)	
ACCUPLACER scores The ACCUPLACER Scores on the Graduation Guidelines Menu of Options measure readiness for placement into college-level courses at some community colleges (but not all), and they are lower than the cut scores in the Developmental Education Policy at CDHE. Robin researched the ACCUPLACER cut scores for placement into college level coursework at a selection of community colleges. These sample ACCUPLACER cut scores could help the workgroup determine a "higher achievement level" for this assessment, as outlined in SB17-272.	Robin Russel Graduation Guidelines Manager, CDE
OTHER ENDORSEMENTS legislated in 2017 1) The STEM Endorsement (HB17-1201) Though a workgroup has yet to meet to provide guidance, Joanna Bruno presented a draft of the criteria for the STEM High School Diploma Endorsement. They include completing a sequence of STEM courses with a minimum GPA, demonstrating proficiency in mathematics, and the completion of a capstone project.	Joanna Bruno, Ph.D Science content specialist, CDE
2) The Diploma Endorsement for BILITERACY (SB17-123) Lulu Buck presented minimum requirements for the <u>Diploma Endorsement for Biliteracy</u> at the February meeting. These criteria include specific scores on world language exams, a minimum GPA in a sequence of courses, and a body of evidence (if certain exams are not available). Andy Tucker briefly reviewed the criteria again.	(Feb 8) Lulu Buck, content specialist for World Languages,
 Questions for the group to consider in coming months about these endorsements: How could either or both of these endorsement s work with the PWR Endorsement? Should one/both be separate? How will the endorsements be reported to workforce and higher education? 	CDE

 #1: GG menu with minimum and higher achievement levels in English and math for each measure, divided into "buckets." postsecondary entrance exams, workforce readiness indicator, rigorous high school coursework) #2: GG menu with minimum and higher achievement levels in English and math for each measure Questions to consider: Are all options equitable for all Colorado districts? What to do about scores that are the same for both GG and PWR endorsement? Should concurrent enrollment include a grade requirement? Need for additional subject areas? Need for additional criteria? Can any of the measures be "district determined?" Can any of the measures be "district determined?" Is this tracking? Who are the stakeholders? Small Group Discussion: comments and questions: Liked multiple options/demonstrations Generally preferred sample #2 Sample #1 could be an equity issue for some districts Why separate college and workforce (sample 1) General questions: Stipulate number of assessments? Lump some of the tests together? Domultiple measures make sense, i.e. GPA + Test Scores + other things Add internship/apprenticeships? Who recognizes the internships? Could a student get an endorsement w/out workforce criteria? Essential Questions: What is the value of the endorsement, and for whom? Students al ready doing everything to get into colleges. What will PWR bring? If Graduation Guidelines = HS Diploma, what does it mean to have a PWR endorsement, or a "higher" measure? Next time	Two Sample Criteria for a PWR Endorsed Diploma	Andy Tu
 divided into "buckets." postsecondary entrance exams, workforce readiness indicator, rigorous high school coursework) #2: GG menu with minimum and higher achievement levels in English and math for each measure Questions to consider: Are all options equitable for all Colorado districts? What to do about scores that are the same for both GG and PWR endorsement? Should concurrent enrollment include a grade requirement? Need for additional subjectareas? Need for additional measures? Need for additional riteria? Can any of the measures be "district determined?" Is this tracking? Who are the stakeholders? Small Group Discussion: comments and questions: Liked multiple options/demonstrations General upreferred sample #2 Sample #1 could be an equity issue for some districts Why separate college and workforce (sample 1) General questions: Stipulate number of assessments? Lump some of the tests together? Do multiple measures bake sense, i.e. GPA + Test Scores + other things Add internship/apprenticeships? Who recognizes the internships? Could a student get an endorsement w/out workforce criteria? Essential Questions What is the value of the endorsement, and for whom? Students already doing everything to get into colleges. What will PWR bring? If Graduation Guidelines = HS Diploma, what does it mean to have a PWR endorsement, or a "higher" measure? Next time 	The group considered two samples of possible criteria for the PWR endorsement.	
Questions to consider: • Are all options equitable for all Colorado districts? • What to do about scores that are the same for both GG and PWR endorsement? • Should concurrent enrollment include a grade requirement? • Need for additional subjectareas? • Need for additional criteria? • Need for additional criteria? • Can any of the measures be "district determined?" • Can any of the measures be "district determined?" • Can any of the measures be "district determined?" • Is this tracking? • Who are the stakeholders? Small Group Discussion: comments and questions: • Liked multiple options/demonstrations • Generall ypreferred sample #2 • Sample #1 could be an equity issue for some districts • Why separate college and workforce (sample 1) General questions: • Lump some of the tests together? • Do multiple measures make sense, i.e. GPA + Test Scores + other things • Add internship/apprenticeships? Who recognizes the internships? • Could a student get an endorsement w/out workforce criteria? • Is a student a PWR endorsement, and for whom? • Students already doing everything to get into colleges. What will PWR bring? • If Graduation Guidelines = HS Diploma, what does it mean to have a PWR	#1: GG menu with minimum and higher achievement levels in English and math for each measure, divided into "buckets:" postsecondary entrance exams, workforce readiness indicator, rigorous high school coursework)	
 Are all options equitable for all Colorado districts? What to do about scores that are the same for both GG and PWR endorsement? Should concurrent enrollment include a grade requirement? Need for additional subject areas? Need for additional criteria? Can any of the measures be "district determined?" Can any additional criteria be "district determined?" Is this tracking? Who are the stakeholders? Small Group Discussion: comments and questions: Liked multiple options/demonstrations Generally preferred sample #2 Sample #1 could be an equity issue for some districts Why separate college and workforce (sample 1) General questions: Stipulate number of assessments? Lump some of the tests together? Do multiple measures besize, i.e. GPA + Test Scores + other things Add internship/apprenticeships? Who recognizes the internships? Could a student get an endorsement w/out workforce criteria? Essential Questions: What is the value of the endorsement, and for whom? Students already doing everything to get into colleges. What will PWR bring? If Graduation Guidelines = HS Diploma, what does it mean to have a PWR endorsement, or a "higher" measure? 	#2: GG menu with minimum and higher achievement levels in English and math for each measure	
 Are all options equitable for all Colorado districts? What to do about scores that are the same for both GG and PWR endorsement? Should concurrent enrollment include a grade requirement? Need for additional subject areas? Need for additional criteria? Can any of the measures be "district determined?" Can any additional criteria be "district determined?" Is this tracking? Who are the stakeholders? Small Group Discussion: comments and questions: Liked multiple options/demonstrations Generally preferred sample #2 Sample #1 could be an equity issue for some districts Why separate college and workforce (sample 1) General questions: Stipulate number of assessments? Lump some of the tests together? Do multiple measures besize internships? Could a student get an endorsement w/out workforce criteria? Is a student a PWR endorsement "Candidate" before he/she completes all criteria? Essential Questions: What is the value of the endorsement, and for whom? Students already doing everything to get into colleges. What will PWR bring? If Graduation Guidelines = HS Diploma, what does it mean to have a PWR endorsement, or a "higher" measure? 		
 What to do about scores that are the same for both GG and PWR endorsement? Should concurrent enrollment include a grade requirement? Need for additional subject areas? Need for additional measures? Need for additional criteria? Can any of the measures be "district determined?" Can any of the measures be "district determined?" Is this tracking? Who are the stakeholders? Small Group Discussion: comments and questions: Liked multiple options/demonstrations Generally preferred sample #2 Sample #1 could be an equity issue for some districts Why separate college and workforce (sample 1) General questions: Stipulate number of assessments? Lump some of the tests together? Do multiple measures make sense, i.e. GPA + Test Scores + other things Add internship/apprenticeships? Who recognizes the internships?
