CONSOLIDATED STATE PERFORMANCE REPORT: Parts I and II

for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001

For reporting on School Year 2010-11

COLORADO

PART I DUE FRIDAY, DECEMBER 16, 2011 PART II DUE FRIDAY, FEBRUARY 17, 2012

U.S. DEPARTMENT OF EDUCATION WASHINGTON, DC 20202

OMB NO. 1810-0614 Page 2 INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- o Title I, Part A Improving Basic Programs Operated by Local Educational Agencies
- o Title I, Part B, Subpart 3 William F. Goodling Even Start Family Literacy Programs
- o Title I, Part C Education of Migratory Children (Includes the Migrant Child Count)
- Title I, Part D Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk
- Title II, Part A Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)
- o Title III, Part A English Language Acquisition, Language Enhancement, and Academic Achievement Act
- o Title IV, Part A, Subpart 1 Safe and Drug-Free Schools and Communities State Grants
- Title IV, Part A, Subpart 2 Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)
- o Title V, Part A Innovative Programs
- o Title VI, Section 6111 Grants for State Assessments and Related Activities
- Title VI, Part B Rural Education Achievement Program
- Title X, Part C Education for Homeless Children and Youths

The ESEA Consolidated State Performance Report (CSPR) for school year (SY) 2010-11 consists of two Parts, Part I and Part II.

PARTI

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- Performance Goal 3: By SY 2005-06, all students will be taught by highly qualified teachers.
- Performance Goal 4: All students will be educated in learning environments that are safe, drug free, and conducive
 to learning.
- Performance Goal 5: All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

- 1. The information is needed for Department program performance plans or for other program needs.
- 2. The information is not available from another source, including program evaluations pending full implementation of required EDFacts submission.
- 3. The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2010-11 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 16, 2011**. Part II of the Report is due to the Department by **Friday, February 17, 2012**. Both Part I and Part II should reflect data from the SY 2010-11, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2010-11 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2010-11 CSPR will be found on the main CSPR page of the EDEN web site (https://EDEN.ED.GOV/EDENPortal/).

CONSOLIDATED STATE PERFORMANCE REPORT PART II

For reporting on School Year 2010-11

PART II DUE FEBRUARY 17, 2012 5PM EST

2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	21,067	17,996	85.4
4	20,634	17,553	85.1
5	19,366	15,984	82.5
6	10,172	7,731	76.0
7	9,125	6,395	70.1
8	8,649	5,445	63.0
High School	8,800	3,670	41.7
Total	97,813	74,774	76.4
Comments:			•

2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section

is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	20,972	17,456	83.2
4	20,620	16,465	79.8
5	19,333	15,152	78.4
6	10,159	8,113	79.9
7	9,114	6,691	73.4
8	8,616	6,739	78.2
High School	8,755	6,953	79.4
Total	97,569	77,569	79.5
Comments:			

2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	6,692	6,279	93.8
4	6,708	6,249	93.2
5	6,706	6,132	91.4
6	3,626	3,135	86.5
7	2,519	2,002	79.5
8	2,326	1,696	72.9
High School	1,710	1,010	59.1
Total	30,287	26,503	87.5
Comments:			

2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's reading/language arts assessment by all students in TAS.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	6,578	6,088	92.6
4	6,702	6,020	89.8
5	6,704	6,010	89.6
6	3,619	3,211	88.7
7	2,514	2,122	84.4
8	2,320	2,038	87.8
High School	1,707	1,538	90.1
Total	30,144	27,027	89.7
Comments:			

2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student <u>only once</u> in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do <u>not</u> include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

	# Students Served
Children with disabilities (IDEA)	20,145
Limited English proficient students	62,128
Students who are homeless	7,442
Migratory students	1,610
Comments:	·

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the <u>unduplicated</u> number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do <u>not</u> include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served	
American Indian or Alaskan Native	2,274	
Asian	4,212	
Black or African American	14,394	
Hispanic or Latino	116,132	
Native Hawaiian or other Pacific Islander	387	
White	55,240	
Two or more races	4,213	
Total	196,852	
Comments:	·	

2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the <u>unduplicated</u> number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

				Local	
Age/Grade	Public TAS	Public SWP	Private	Neglected	Total
Age 0-2		424			424
Age 3-5 (not Kindergarten)	272	6,096		62	6,430
K	1,262	23,831	85	39	25,217
1	1,793	23,692	93	47	25,625
2	1,873	23,086	80	43	25,082
3	1,701	22,265	84	58	24,108
4	1,646	21,778	75	63	23,562
5	1,461	20,286	43	79	21,869
6	717	10,969	11	113	11,810
7	513	9,186	15	150	9,864
8	423	8,676	1	144	9,244
9	182	5,115	27	207	5,531
10	191	4,587	26	193	4,997
11	115	3,967	10	190	4,282
12	33	4,273	7	168	4,481
Ungraded		44		72	116
TOTALS	12,182	188,275	557	1,628	202,642

Comments: The numbers of Public TAS and SWP students by grade is not equal to (slightly higher than)the number of public Title I students above because they come from two different data collections. Page 3 data comes from the LEA's End-of-Year data submitted to the state, and this table is derived from a separate CSPR data collection of the number of students who participated in Title I programs anytime during the school year. We are working to combine them into the one End-of-Year collection.

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections collect data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

	# Students Served
Mathematics	4,169
Reading/language arts	11,198
Science	71
Social studies	72
Vocational/career	5
Other instructional services	76
Comments:	

2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

	# Students Served
Health, dental, and eye care	380
Supporting guidance/advocacy	397
Other support services	201
Comments:	

2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	245	
Paraprofessionals ¹	115	100.0
Other paraprofessionals (translators, parental involvement, computer assistance) ²	9	
Clerical support staff	8	
Administrators (non-clerical)	9	
Comments:		-

FAQs on staff information

- 1. What is a "paraprofessional?" An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
 - (1) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
 - (2) Providing assistance with classroom management, such as organizing instructional and other materials;
 - (3) Providing assistance in a computer laboratory;
 - (4) Conducting parental involvement activities;
 - (5) Providing support in a library or media center;
 - (6) Acting as a translator; or
 - (7) Providing instructional services to students.
- 2. What is an GÇ£other paraprofessional?GÇ¥ Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- 3. Who is a qualified paraprofessional? A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: http://www.ed.gov/policy/elsec/guid/paraguidance.doc
- ¹ Consistent with ESEA, Title I, Section 1119(g)(2).
- ² Consistent with ESEA, Title I, Section 1119(e).

2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals ³	3,333.00	100.0
Comments:		

³ Consistent with ESEA, Title I, Section 1119(g)(2).

2.2 WILLIAM F. GOODLING EVEN START FAMILY LITERACY PROGRAMS (TITLE I, PART B, SUBPART 3)

2.2.1 Subgrants and Even Start Program Participants

In the tables below, please provide information requested for the reporting program year July 1, 2010 to June 30, 2011.

2.2.1.1 Federally Funded Even Start Subgrants in the State

Number of federally funded Even Start subgrants	5
Comments:	

2.2.1.2 Even Start Families Participating During the Year

In the table below, provide the number of participants for each of the groups listed below. The following terms apply:

- 1. "Participating" means enrolled and participating in all four core instructional components.
- 2. "Adults" includes teen parents.
- 3. For continuing children, calculate the age of the child on July 1, 2010. For newly enrolled children, calculate their age at the time of enrollment in Even Start.
- 4. Do not use rounding rules to calculate children"s ages .

The total number of participating children will be calculated automatically.

	# Participants
1. Families participating	126
2. Adults participating	128
3. Adults participating who are limited English proficient (Adult English Learners)	107
4. Participating children	199
a. Birth through 2 years	55
b. Ages 3 through 5	107
c. Ages 6 through 8	22
c. Above age 8	15
Comments:	

2.2.1.3 Characteristics of Newly Enrolled Families at the Time of Enrollment

In the table below, provide the number of newly enrolled families for each of the groups listed below. The term "newly enrolled family" means a family who enrolls for the first time in the Even Start project or who had previously been in Even Start and reenrolls during the year.

		-
		#
1.	Number of newly enrolled families	59
2.	Number of newly enrolled adult participants	60
3.	Number of newly enrolled families at or below the federal poverty level at the time of enrollment	59
4.	Number of newly enrolled adult participants without a high school diploma or GED at the time of enrollment	58
5.	Number of newly enrolled adult participants who have not gone beyond the 9 th grade at the time of enrollment	41
Co	omments:	

2.2.1.4 Retention of Families

In the table below, provide the number of families who are newly enrolled, those who exited the program during the year, and those continuing in the program. For families who have exited, count the time between the family's start date and exit date. For families continuing to participate, count the time between the family's start date and the end of the reporting year (June 30, 2011). For families who had previously exited Even Start and then enrolled during the reporting year, begin counting from the time of the family's original enrollment date. **Report each family only once in lines 1-4.** Note enrolled families means a family who is participating in all four core instructional components. The total number of families participating will be automatically calculated.

Time in Program					
1. Number of families enrolled 90 days or less	19				
2. Number of families enrolled more than 90 but less than 180 days	24				
3. Number of families enrolled 180 or more days but less than 365 days	19				
4. Number of families enrolled 365 days or more					
i. Total families enrolled					
Comments:					

2.2.2 Federal Even Start Performance Indicators

This section collects data about the federal Even Start Performance Indicators

2.2.2.1 Adults Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of adults who showed significant learning gains on measures of reading. Only report data from the TABE reading test on the TABE line. Likewise, only report data from the CASAS reading test on the CASAS line. Data from the other TABE or CASAS tests or combination of both tests should be reported on the "other" line.

To be counted under "pre- and post-test", an individual must have completed **both** the pre- and post-tests.

The definition of "significant learning gains" for adult education is determined at the State level either by your State's adult education program in conjunction with the U.S. Department of Education's Office of Vocational and Adult Education (OVAE), or as defined by your Even Start State Performance Indicators.

These instructions/definitions apply to both 2.2.2.1 and 2.2.2.2.

Note: Do not include the Adult English Learners counted in 2.2.2.2.

	# Pre- and Post-Tested	# Who Met Goal	Explanation (if applicable)
TABE	3	3	
CASAS	33	15	
Other	3	3	Work Keys
Comments:			

2.2.2.2 Adult English Learners Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of Adult English Learners who showed significant learning gains on measures of reading.

	# Pre- and Post-Tested	# Who Met Goal	Explanation (if applicable)
TABE			NA
CASAS	31	20	
BEST			NA
BEST Plus	23	19	
BEST Literacy			NA
Other			NA
Comments:			

2.2.2.3 Adults Earning a High School Diploma or GED

In the table below, provide the number of school-age and non-school age adults who earned a high school diploma or GED during the reporting year.

The following terms apply:

- 1. "School-age adults" is defined as any parent attending an elementary or secondary school. This also includes those adults within the State's compulsory attendance range who are being served in an alternative school setting, such as directly through the Even Start program.
- 2. "Non-school-age" adults are any adults who do not meet the definition of "school-age."
- 3. Include only the number of adult participants who had a realistic goal of earning a high school diploma or GED. Note that age limitations on taking the GED differ by State, so you should include only those adult participants for whom attainment of a GED or high school diploma is a possibility.

School-Age Adults	# With Goal	# Who Met Goal	Explanation (if applicable)
Diploma	7	7	
GED			NA
Other			NA
Comments:		•	
Non-School- Age Adults	# With Goal	# Who Met Goal	Explanation (if applicable)
Diploma			NA
GED	10	2	
Other	3	3	
Comments:			

2.2.2.4 Children Age-Eligible for Kindergarten Who Are Achieving Significant Learning Gains on Measures of Language Development

In the table below, provide the number of children who are achieving significant learning gains on measures of language development.

The following terms apply:

- 1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year who have been in Even Start for at least six months.
- 2. "Tested" includes the number of age-eligible children who took both a pre- and post-test with at least 6 months of Even Start service in between.
- 3. A "significant learning gain" is considered to be a standard score increase of 4 or more points.
- 4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions.

	# Age- Eligible	# Pre- and Post- Tested	# Who Met Goal	# Exempted	Explanation (if applicable)		
PPVT-III	7				Students did not have enough English proficiency to be tested.		
PPVT-IV					NA		
TVIP					NA		
Commen	Comments:						

2.2.2.4.1 Children Age-Eligible for Kindergarten Who Demonstrate Age-Appropriate Oral Language Skills

The following terms apply:

- 1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year and who have been enrolled in Even Start for at least six months.
- 2. "Tested" includes the number of age-eligible children who took the PPVT-III or TVIP in the spring of or latest test within the reporting year.
- 3. # Who met goal includes children who score a Standard Score of 85 or higher on the spring (or latest test within the reporting year) TVIP, PPVT-III or PPVT-IV
- 4. "Exempted" includes the number of children who could not take the test (based on the practice items) due to a severe disability or inability to understand the directions .

Note: Projects may use the PPVT-III or the PPVT-IV if the PPVT-III is no longer available, but results for the two versions of the assessment should be reported separately.

			# Who Met			
	# Age-Eligible	# Tested	Goal	# Exempted	Explanation (if applicable)	
PPVT-III					Students did not have enough English proficiency to be	
	6	0	0	6	tested.	
PPVT-IV					NA	
TVIP					NA	
Comment	Comments:					

2.2.2.5 The Average Number of Letters Children Can Identify as Measured by the PALS Pre-K Upper Case Letter Naming Subtask

In the table below, provide the average number of letters children can identify as measure by PALS subtask.

The following terms apply:

- 1. "Age-Eligible" includes the total number of children who are old enough to enter kindergarten in the school year following the reporting year and who have been enrolled in Even Start for at least six months.
- "Tested" includes the number of age-eligible children who received Even Start services and who took the PALS Pre-K
 Upper Case Letter Naming Subtask in the spring of 2011 (or latest test within the reporting year).
- 3. "Exempted" includes the number of children exempted from testing due to a severe disability or inability to understand the directions in English.
- 4. "Average number of letters" includes the average score for the children in your State who participated in this assessment. This should be provided as a <u>weighted</u> average (An example of how to calculate a weighted average is included in the program training materials) and rounded to one decimal.

	# Age- Eligible	# Tested	# Exempted	Average Number of Letters (Weighted Average)	Explanation (if applicable)
PALS PreK Upper Case	17	2	14		Students were exmpted as a result of not having enough English proficiency to be tested.

2.2.2.6 School-Aged Children Reading on Grade Level

In the table below, provide the number of school-age children who read on or above grade level ("met goal"). The source of these data is usually determined by the State and, in some cases, by the school district. Please indicate the source(s) of the data in the "Explanation" field.

Grade	# in Cohort	# Who Met Goal	Explanation (include source of data)			
K	12	10	Measured by the DRA, administered given by the school district.			
1	8	6	Measured by the DRA, administered given by the school district.			
2	7	5	Measured by the DRA, administered given by the school district.			
3	3 2 Measured by the DRA, administered given by the school district.					
Comments	Comments:					

2.2.2.7 Parents Who Show Improvement on Measures of Parental Support for Children's Learning in the Home, School Environment, and Through Interactive Learning Activities

In the table below, provide the number of parents who show improvement ("met goal") on measures of parental support for children's learning in the home, school environment, and through interactive learning activities.

While many states are using the PEP, other assessments of parenting education are acceptable. Please describe results and the source(s) of any non-PEP data in the "Other" field, with appropriate information in the Explanation field.

	# in Cohort	# Who Met Goal	Explanation (if applicable)		
PEP Scale I	44	37			
PEP Scale II	54	43			
PEP Scale III			NA		
PEP Scale IV			NA		
Other			NA

2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the reporting period of September 1, 2010 through August 31, 2011. This section is composed of the following subsections:

- Population data of eligible migrant children;
- Academic data of eligible migrant students;
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year;
- · School data;
- Project data;
- · Personnel data.

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the reporting period. For example, a child who turns 3 during the reporting period would only be reported in the "Age 3 through 5 (not Kindergarten)" row.

FAQs in section 1.10 contain definitions of out-of-school and ungraded that are used in this section.

2.3.1 Population Data

The following questions collect data on eligible migrant children.

2.3.1.1 Eligible Migrant Children

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children by age/grade. The total is calculated automatically.

Age/Grade	Eligible Migrant Children
Age birth through 2	278
Age 3 through 5 (not Kindergarten)	480
K	297
1	311
2	334
3	323
4	329
5	346
6	293
7	282
8	259
9	262
10	248
11	197
12	247
Ungraded	0
Out-of-school	375
Total	4,861
Comments:	

2.3.1.2 Priority for Services

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically. Below the table is a FAQ about the data collected in this table.

Age/Grade	Priority for Services
Age 3 through 5 (not Kindergarten)	0
K	10
1	32
2	39
3	29
4	32
5	42
6	30
7	36
8	41
9	28
10	29
11	20
12	16
Ungraded	0
Out-of-school	120
Total	504
Comments:	

FAQ on priority for services:

Who is classified as having "priority for service?" Migratory children who are failing or most at risk of failing to meet the State's challenging academic content standards and student academic achievement standards, <u>and</u> whose education has been interrupted during the regular school year.

2.3.1.3 Limited English Proficient

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who are also limited English proficient (LEP). The total is calculated automatically.

Age/Grade	Limited English Proficient (LEP)
Age 3 through 5 (not Kindergarten)	17
K	274
1	233
2	249
3	260
4	252
5	254
6	207
7	210
8	179
9	179
10	154
11	93
12	87
Ungraded	0
Out-of-school	4
Total	2,652
Comments:	

2.3.1.4 Children with Disabilities (IDEA)

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children who are also Children with Disabilities (*IDEA*) under Part B or Part C of the *IDEA*. The total is calculated automatically.

Age/Grade	Children with Disabilities (IDEA)
Age birth through 2	0
Age 3 through 5 (not Kindergarten)	6
K	26
1	17
2	21
3	28
4	23
5	24
6	29
7	30
8	21
9	29
10	14
11	11
12	9
Ungraded	0
Out-of-school	15
Total	303

Comments: The difference between the total for children with disabilities for previous year (505) and current value (303) is due to district implementation of the Full Response to Intervention (RtI) model where student needs are addressed at the universal tier before a student is identified has having a learning disability

2.3.1.5 Last Qualifying Move

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children by when the last qualifying move occurred. The months are calculated from the last day of the reporting period, August 31, 2010. The totals are calculated automatically.

	Last Qualifying Move Is within X months from the last day of the reporting period			
Age/Grade	12 Months	Previous 13 – 24 Months	Previous 25 – 36 Months	Previous 37 – 48 Months
Age birth through 2	124	112	38	4
Age 3 through 5 (not Kindergarten)	119	133	114	114
K	53	94	67	83
1	68	81	82	80
2	60	96	91	87
3	41	89	94	99
4	56	102	80	91
5	62	92	83	109
6	50	77	78	88
7	51	72	69	90
8	48	68	67	76
9	44	76	68	74
10	45	65	63	75
11	27	38	54	78
12	23	67	96	61
Ungraded	0	0	0	0
Out-of-school	236	92	27	20
Total	1,107	1,354	1,171	1,229

2.3.1.6 Qualifying Move During Regular School Year

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant children with any qualifying move during the regular school year within the previous 36 months calculated from the last day of the reporting period, August 31, 2010. The total is calculated automatically.

Age/Grade	Move During Regular School Year
Age birth through 2	187
Age 3 through 5 (not Kindergarten)	266
K	150
1	166
2	181
3	149
4	166

10	127
11	76
12	125
Ungraded	0
Out-of-school	160
Total	2,473
Comments:	

2.3.2 Academic Status

The following questions collect data about the academic status of eligible migrant students.

2.3.2.1 Dropouts

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant students who dropped out of school. The total is calculated automatically.

Grade	Dropped Out
7	2
8	3
9	5
10	10
11	15
12	24
Ungraded	
Total	59
Comments:	

FAQ on Dropouts:

How is "dropped out of school" defined? The term used for students, who, during the reporting period, were enrolled in a public school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2009-10 reporting period should be classified NOT as "dropped-out-of-school" but as "out-of-school youth."

2.3.2.2 GED

In the table below, provide the total <u>unduplicated</u> number of **eligible** migrant students who obtained a General Education Development (GED) Certificate in your state.

Obtained a GED in your state 9

Comments: The difference between the total number of students who obtained a GED for previous year (1) and the current year value (9) is due to an increase in access to GED services within our regions. Additionally, the Colorado Migrant Program has increased its collaboration with drop-out prevention initiatives with in the state.

2.3.2.3 Participation in State Assessments

The following questions collect data about the participation of eligible migrant students in State Assessments.

2.3.2.3.1 Reading/Language Arts Participation

In the table below, provide the <u>unduplicated</u> number of **eligible** migrant students enrolled in school during the State testing window and tested by the State reading/language arts assessment by grade level. The totals are calculated automatically.

Grade	Enrolled	Tested
3	279	277
4	236	233
5	287	287
6	241	239
7	256	253
8	203	203
HS	403	398
Total	1,905	1,890
Comments:	·	·

2.3.2.3.2 Mathematics Participation

This section is similar to 2.3.2.3.1. The only difference is that this section collects data on migrant students and the State's mathematics assessment.

Grade	Enrolled	Tested
3	279	279
4	234	233
5	284	284
6	242	241
7	257	255
8	203	202
HS	408	404
Total	1,907	1,898

2.3.3 MEP Participation Data

The following questions collect data about the participation of migrant students served during the regular school year, summer/intersession term, or program year.

Unless otherwise indicated, participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Children who received a MEP-funded service, even those children who continued to receive services (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section 1304(e)(1–3)).

Do not include:

- Children who were served through a Title I SWP where MEP funds were consolidated with those of other programs.
- Children who were served by a "referred" service only.

2.3.3.1 MEP Participation - Regular School Year

The following questions collect data on migrant children who participated in the MEP during the **regular** school year. Do <u>not</u> include:

• Children who were only served during the summer/intersession term.

2.3.3.1.1 MEP Students Served During the Regular School Year

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who received MEP-funded instructional or support services during the regular school year. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During Regular School Year
Age Birth through 2	184
Age 3 through 5 (not Kindergarten)	477

Total	0

Comments: The Colorado Migrant Program has increased its efforts to connect end of eligibility students to district sponsored programs.

2.3.3.1.4 Services

The following questions collect data on the services provided to participating migrant children during the regular school year.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are <u>not</u> considered services. Other examples of an allowable activity that would <u>not</u> be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1.4.1 Instructional Service – During the Regular School Year

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who received <u>any</u> type of MEP-funded instructional service during the regular school year. Include children who received instructional services provided by <u>either a teacher or a paraprofessional</u>. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Children Receiving an Instructional Service
Age birth through 2	54
Age 3 through 5 (not Kindergarten)	194
K	200
1	195
2	198
3	175
4	188
5	196

7	153
8	142
9	154
10	151
11	122
12	154
Ungraded	0
Out-of-school	144
Total	2,599
Comments:	

2.3.3.1.4.2 Type of Instructional Service

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the regular school year. Include children who received such instructional services provided by <u>a teacher only</u>. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction	Mathematics Instruction	High School Credit Accrual
Age birth through 2	0	0	
Age 3 through 5 (not Kindergarten)	64	90	
K	148	148	
1	160	160	
2	142	142	
3	128	128	
4	149	148	
5	140	140	
6	131	132	
7	112	112	
8	111	111	
9	107	102	0
10	100	101	0
11	93	91	0
12	122	121	0
Ungraded	0	0	0
Out-of-school	5	5	0
Total	1,712	1,731	0

Comments: The difference between the total of children who received a reading instruction for previous year (2433) and current year (1712) is due to enhanced collaboration with state reading and math initiatives.

The difference between the total of children who received high school credit accrual for previous year (3) and current year is (0) is due to a transition from the old State migrant database (COMEP) to the new State database (NGS). Additionally, the SEA has scheduled a regional program training on how to enter/document high school secondary credit accrual for the 2011-12 SY in NGS.

FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.1.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled **Support Services**, provide the <u>unduplicated</u> number of **participating** migrant children who received <u>any</u> MEP-funded support service during the regular school year. In the column titled **Counseling Service**, provide the <u>unduplicated</u> number of **participating** migrant children who received a counseling service during the regular school year. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Children Receiving Support Services	Breakout of Children Receiving Counseling Service
Age birth through 2	183	0
Age 3 through 5 (not Kindergarten)	478	1
K	255	0
1	272	0
2	299	1
3	271	0
4	263	0
5	285	0
6	248	1
7	229	1
8	207	1
9	214	3
10	202	1
11	168	2
12	206	3
Ungraded	0	0
Out-of-school	330	0
Total	4,110	14

Comments: The difference between the total for children receiving counseling service for previous year (106) and current year (14) is due to under reporting for this data element. The SEA is taking steps to correct this situation through training and a development of common understanding of how the services can help the child address life problems or personal crisis that result from the culture of migrancy.

FAQs on Support Services:

- a. What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.3.1.4.4 Referred Service – During the Regular School Year

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who, during the regular school year, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. <u>Do not include children who were referred</u>, <u>but received no</u> services. The total is calculated automatically.

Age/Grade	Referred Service
Age birth through 2	105
Age 3 through 5 (not Kindergarten)	256
K	37
1	15
2	21
3	25
4	16
5	24
6	19
7	19
8	12
9	18
10	13
11	13
12	15
Ungraded	0
Out-of-school	146
Total	754

Comments: The difference between the total for children who received a referred service for previous year (1028) and current year (754) is due to a decrease in community agency resources, fewer migrant students were able to receive services.

2.3.3.2 MEP Participation – Summer/Intersession Term

The questions in this subsection are similar to the questions in the previous section with one difference. The questions in this subsection collect data on the **summer/intersession term** instead of the regular school year.

2.3.3.2.1 MEP Students Served During the Summer/Intersession Term

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who received MEP-funded instructional or support services during the summer/intersession term. Do <u>not</u> count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During Summer/Intersession Term
Age Birth through 2	13

FAQ on Types of Instructional Services:

What is "high school credit accrual"? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

2.3.3.2.4.3 Support Services with Breakout for Counseling Service

In the table below, in the column titled **Support Services**, provide the <u>unduplicated</u> number of **participating** migrant children who received <u>any</u> MEP-funded support service during the summer/intersession term. In the column titled **Counseling Service**, provide the <u>unduplicated</u> number of **participating** migrant children who received a counseling service during the summer/intersession term. Children should be reported only once in each column regardless of the frequency with which they received a support service intervention. The totals are calculated automatically.

Age/Grade	Children Receiving Support Services	Breakout of Children Receiving Counseling Service
Age birth through 2	13	0
Age 3 through 5 (not Kindergarten)	30	0
K	16	0
1	14	0
2	5	0
3	7	0
4	8	0
5	5	0
6	7	0
7	4	0
8	3	0
9	6	0
10	2	0
11	7	0
12	2	0
Ungraded	0	0
Out-of-school	2	0
Total	131	0

Comments: The difference between the total for children receiving support services for previous year (189) and current year (131) is due to under reporting for this data element. The SEA continued its efforts to focus programming on instructional services as a first priority for students most at risk of failing. However, the SEA is taking steps to correct this situation through training and a development of common understanding of how the services can help the child address life problems or personal crisis that result from the culture of migrancy.

FAQs on Support Services:

- a. What are support services? These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. What are counseling services? Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.3.2.4.4 Referred Service – During the Summer/Intersession Term

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who, during the summer/intersession term, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. <u>Do not include children who were referred, but received no services</u>. The total is calculated automatically.

Age/Grade	Referred Service
Age birth through 2	0
Age 3 through 5 (not Kindergarten)	0
K	0
1	0
2	0
3	0
4	0
5	0
6	0
7	0
8	0
9	0
10	0
11	0
12	0
Ungraded	0
Out-of-school	0
Total	0

Comments: The difference between the total number of children who received a referred service for previous year (3) and current year (0) is due a decrease in community agency resources, fewer migrant students were able to receive services.

2.3.3.3 MEP Participation – Program Year

In the table below, provide the <u>unduplicated</u> number of **participating** migrant children who received MEP-funded instructional or support services at any time during the program year. Do <u>not</u> count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During the Program Year
Age Birth through 2	184
Age 3 through 5 (not Kindergarten)	496
K	269
1	276
2	306
3	274
4	268
5	290
6	252
7	234
8	211
9	217
10	210
11	167
12	207
Ungraded	0
Out-of-school	331
Total	4,192

Comments: The number of children reported during the program year for (ages 3-5 Not K) is greater than in table 2.3.1.1 (480) does not reflect the number 3-5 year olds that received a supplemental service (496). The data for those who received a service were updated after part I was submitted.

2.3.4 School Data

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.4.1 Schools and Enrollment

In the table below, provide the number of public schools that enrolled eligible migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of eligible migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	#
Number of schools that enrolled eligible migrant children	634
Number of eligible migrant children enrolled in those schools	4,410
Comments:	

2.3.4.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of eligible migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	#
Number of schools where MEP funds were consolidated in a schoolwide program	
Number of eligible migrant children enrolled in those schools	
Comments: The number of schools that consolidated MEP funds into a schoolwide program is zero. When USDE popul	lates
his field with EDFacts data, zeros do not display.	

2.3.5 MEP Project Data

The following questions collect data on MEP projects.

2.3.5.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds by a subgrant from the State or through an intermediate entity that receives the subgrant <u>and</u> provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Below the table are FAQs about the data collected in this table.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year – school day only	634	4,410
Regular school year – school day/extended day	0	0
Summer/intersession only	16	199
Year round	23	1,204

Comments: The number (634) reported for the 2010-11 is a more accurate reflection for the number of MEP projects school day only than was previsouly reported for the 2009-10. NGS our new state migrant system is able to track this information with more accuracy.

The number of students selected to attend summer programs is reflected in the number of students attending a district held summer school or project.

FAQs on type of MEP project:

- a. What is a project? A project is any entity that receives MEP funds either as a subgrantee or from a subgrantee and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications. A project's services may be provided in one or more sites.
- b. What are Regular School Year School Day Only projects? Projects where all MEP services are provided during the school day during the regular school year.
- c. What are Regular School Year School Day/Extended Day projects? Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. What are Summer/Intersession Only projects? Projects where all MEP services are provided during the summer/intersession term.
- e. What are Year Round projects? Projects where all MEP services are provided during the regular school year and summer/intersession term.

2.3.6 MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.6.1 Key MEP Personnel

The following questions collect data about the key MEP personnel.

2.3.6.1.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (<u>regardless of whether the director is funded by State, MEP, or other funds</u>) during the reporting period (e.g., September 1 through August 31). Below the table are FAQs about the data collected in this table.

State Director FTE	1.00
Comments:	

FAQs on the MEP State director

- a. How is the FTE calculated for the State director? Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one FTE for the State director in your State for the reporting period. To calculate the FTE number, sum the total days the State director worked for the MEP during the reporting period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.
- b. Who is the State director? The manager within the SEA who administers the MEP on a statewide basis.

2.3.6.1.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff <u>funded by the MEP</u>. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

	Regular School	ol Year	Summer/Intersession Term	
Job Classification	Headcount	FTE	Headcount	FTE
Teachers	28	3	32	13
Counselors	29	17	1	0
All paraprofessionals	18	6	31	3
Recruiters	25	24	0	0
Records transfer staff	16	14	0	0
Administrators	12	8	2	2

Comments: The difference between key MEP Personnel Staff Teachers regular school year headcount for previous year (12) and current year value (28) is due to enhanced focus on instructional services to better meet the needs of migratory students, such as tutoring.

The difference between key MEP personnel Staff Teachers regular school year FTE for previous year (2.20) and current value (3.37) is due to an increase in the number of teachers providing services to migratory students.

The difference between key MEP Personnel Staff Teachers Summer/Intercession term FTE for prevous year (6.08) and current value (13.64) is due to the implementation of a six week family literacy program within one of the largest regions.

The difference between ke MEP Personnel Staff Counselors Summer/Intercession term headcount for previous year (3) and current value (1) is due to the implementation of district MEP graduation advocates that participated in the family literacy progra for migratory students.

The difference between key MEP Personnel Staff Counselors Summer/Intercessions term FTE for previous year (0.34) and current value (0.03) is due to the implementation of district graduation advocates during the summer term.

The difference between key MEP Personnel Staff All paraprofessionals regular year headcount for previous year (14) and current value (18) is due to increased implementation of secondary initiatives.

The difference between key MEP Personnel Staff All paraprofessionals Summer/Intercession term headcount for previous year (6) and current value (31) is due to implementation of family literacy and youth leadership activities.

The difference between key MEP Personnel Staff All Parafessionals Summer/Intercession Term FTE for previous year (0.44) and current value (3.76) is due to implementation of family literacy and youth leadership activities within the state.

In addition, the SEA is taking steps to further clarify the reporting of job classifications and FTE through training and development of common understanding.

Note: The Headcount value displayed represents the greatest <u>whole number</u> submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

FAQs on MEP staff:

- a. How is the FTE calculated? The FTE may be calculated using one of two methods:
 - 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 - 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. Who is a teacher? A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. Who is a counselor? A professional staff member who guides individuals, families, groups, and communities by assisting

them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.

- d. Who is a paraprofessional? An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. Who is a recruiter? A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- f. Who is a record transfer staffer? An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- g. Who is an administrator? A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

2.3.6.1.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

	Regular School Y	ear	Summer/Intersession Term				
	Headcount	FTE	Headcount	FTE			
Qualified Paraprofessionals							
Comments: When USDE populates this field with EDFacts data, zero's do not display.							

FAQs on qualified paraprofessionals:

- a. How is the FTE calculated? The FTE may be calculated using one of two methods:
 - 1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 - 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. Who is a qualified paraprofessional? A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of ESEA).

2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2010 through June 30, 2011.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - Adult Corrections: An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - At-Risk Programs: Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - Juvenile Corrections: An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - Juvenile Detention Facilities: Detention facilities are shorter-term institutions that provide care to children who
 require secure custody pending court adjudication, court disposition, or execution of a court order, or care to
 children after commitment.
 - Multiple Purpose Facility: An institution/facility/program that serves more than one programming purpose. For example, the same facility may run both a juvenile correction program and a juvenile detention program.
 - Neglected Programs: An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - Other: Any other programs, not defined above, which receive Title I, Part D funds and serve <u>non-adjudicated</u> <u>children</u> and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities - Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	
Juvenile detention	0	
Juvenile corrections	6	151
Adult corrections	1	365
Other	0	
Total	7	165

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
Comments:	

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	0
Juvenile Detention	0
Juvenile Corrections	6
Adult Corrections	1
Other	0
Total	7
Comments:	

2.4.1.2 Students Served - Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the <u>unduplicated</u> number of students served by each program, and in row 2, the total number of students in row 1 that are long-term. In the subsequent tables provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served			1,353	114	
Long Term Students Served			665	114	

	Neglected	Juvenile	Juvenile	Adult	Other
Race/Ethnicity	Programs	Detention	Corrections	Corrections	Programs
American Indian or Alaskan Native			21	0	
Asian			12	3	
Black or African American			244	26	
Hispanic or Latino			512	65	
Native Hawaiian or other Pacific Islander			3	0	
White			557	20	
Two or more races			4	0	
Total			1,353	114	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male			1,155	105	
Female			198	9	
Total			1,353	114	

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5			0	0	_
6			0	0	
7			0	0	
8			0	0	
9			0	0	
10			0	0	
11			2	0	
12			3	0	
13			13	0	
14			34	0	
15			151	2	
16			289	6	
17			392	15	
18			291	25	
19			160	36	
20			15	20	
21			3	10	
Total			1,353	114	

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

_							
C	a	m	m	Δ	n	t٩	į

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2010 through June 30, 2011.

2.4.1.3 Programs/Facilities Academic Offerings - Subpart 1

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 1 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should <u>not</u> exceed those reported earlier in the facility counts.

# Programs That	Neglected Programs	Juvenile Detention Facilities	Juvenile Corrections Facilities	Adult Corrections Facilities	Other Programs
Awarded high school course credit(s)	0	0	6	1	0
Awarded high school diploma(s)	0	0	4	1	0
Awarded GED(s)	0	0	6	1	0
Comments:					

2.4.1.4 Academic Outcomes – Subpart 1

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 1.

2.4.1.4.1 Academic Outcomes While in the State Agency Program/Facility

In the table below, provide the <u>unduplicated</u> number of students who attained academic outcomes while in the State agency program/facility by type of program/facility.

	Neglected	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other
# of Students Who	Programs	Facilities	Facilities	Facilities	Programs
Earned high school					
course credits	0	0	1,258	114	0
Enrolled in a GED					
program	0	0	166	25	0
Comments:			,		

2.4.1.4.2 Academic Outcomes While in the State Agency Program/Facility or Within 30 Calendar Days After Exit

In the table below, provide the <u>unduplicated</u> number of students who attained academic outcomes while in the State agency program/facility or within 30 calendar days after exit, by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Detention Facilities	Juvenile Corrections Facilities	Adult Corrections	Other Programs
Enrolled in their local district school	0	0	301	0	0
Earned a GED	0	0	184	5	0
Obtained high school diploma	0	0	36	10	0
Were accepted into post- secondary education	0	0	142	15	0
Enrolled in post-secondary education	0	0	69	15	0
Comments:					

2.4.1.5 Vocational Outcomes – Subpart 1

The following questions collect data on vocational outcomes of students served through Title I, Part D, Subpart 1.

2.4.1.5.1 Vocational Outcomes While in the State Agency Program/Facility

In the table below, provide the <u>unduplicated</u> number of students who attained vocational outcomes while in the State agency program by type of program/facility.

	Neglected		Juvenile Corrections	Adult	Other
# of Students Who	Programs	Juvenile Detention Facilities	Facilities	Corrections	Programs
Enrolled in elective job training					
courses/programs	0	0	343	114	0
Comments:					

2.4.1.5.2 Vocational Outcomes While in the State Agency Program/Facility or Within 30 Days After Exit

In the table below, provide the <u>unduplicated</u> number of students who attained vocational outcomes while in the State agency program/facility or within 30 days after exit, by type of program/facility.

	Neglected		Juvenile Corrections	Adult	Other
# of Students Who	Programs	Juvenile Detention Facilities	Facilities	Corrections	Programs
Enrolled in external job					
training education	0	0	36	11	0
Obtained employment	0	0	35	0	0
Comments:					

2.4.1.6 Academic Performance - Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading - Subpart 1

In the tables below, provide the <u>unduplicated</u> number of <u>long-term</u> students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pretest. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the five change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2010, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the tables, report numbers for juvenile detention and correctional facilities together in a single column. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry			283	105	
Long-term students who have complete pre- and post-test results (data)			537	112	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data).	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the preto post-test exams			51	26	
No change in grade level from the pre- to post-test exams			147	17	
Improvement of up to 1/2 grade level from the pre- to post-test exams			9	17	
Improvement from 1/2 up to one full grade level from the pre- to post-test exams			191	10	
Improvement of more than one full grade level from the pre- to post-test exams			139	42	
Comments:			•		

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2010 through June 30, 2011.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade					
level upon entry			307	110	
Long-term students who have complete pre-					
and post-test results (data)			558	112	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data).	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams			49	26	
No change in grade level from the pre- to post- test exams			132	16	
Improvement of up to 1/2 grade level from the pre- to post-test exams			21	12	
Improvement from 1/2 up to one full grade level from the pre- to post-test exams			220	11	
Improvement of more than one full grade level from the pre- to post-test exams			136	47	
Comments:					

2.4.2 LEA Title I, Part D Programs and Facilities - Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	2	272
Neglected programs	0	
Juvenile detention	2	14
Juvenile corrections	11	269
Other	1	365
Total	16	135

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
Comments:	

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	2
Neglected programs	0
Juvenile detention	2
Juvenile corrections	11
Other	1
Total	16
Comments:	

2.4.2.2 Students Served - Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served	131		941	1,091	14
Total Long Term Students Served	93		42	864	9

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2010 through June 30, 2011.

2.4.2.3 Programs/Facilities Academic Offerings - Subpart 2

In the table below, provide the number of programs/facilities (<u>not students</u>) that received Title I, Part D, Subpart 2 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should <u>not</u> exceed those reported earlier in the facility counts.

LEA Programs That	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections Facilities	Other Programs
Awarded high school					
course credit(s)	2	0	2	11	1
Awarded high school					
diploma(s)	1	0	2	3	0
Awarded GED(s)	1	0	2	5	0
Comments:	'	,			

2.4.2.4 Academic Outcomes – Subpart 2

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 2.

2.4.2.4.1 Academic Outcomes While in the LEA Program/Facility

In the table below, provide the <u>unduplicated</u> number of students who attained academic outcomes while in the LEA program/facility by type of program/facility.

	At-Risk	Neglected	Juvenile	Juvenile	Other
# of Students Who	Programs	Programs	Detention	Corrections	Programs
Earned high school course					
credits	75	0	938	764	12
Enrolled in a GED program	4	0	70	26	2
Comments:					

2.4.2.4.2 Academic Outcomes While in the LEA Program/Facility or Within 30 Calendar Days After Exit

In the table below, provide the <u>unduplicated</u> number of students who attained academic outcomes while in the LEA program/facility or within 30 calendar days after exit, by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Enrolled in their local district school	44	0	939	375	2
Earned a GED	3	0	50	144	0
Obtained high school diploma	4	0	3	37	0
Were accepted into post- secondary education	1	0	5	42	0
Enrolled in post-secondary education	1	0	5	36	0
Comments:					

2.4.2.5 Vocational Outcomes – Subpart 2

The following questions collect data on vocational outcomes of students served through Title I, Part D, Subpart 2.

2.4.2.5.1 Vocational Outcomes While in the LEA Program/Facility

In the table below, provide the <u>unduplicated</u> number of students who attained vocational outcomes while in the LEA program by type of program/facility.

# of Students Who	1	Neglected Programs		Juvenile Corrections	Other Programs
Enrolled in elective job training					
courses/programs	0	0	27	470	0
Comments:	'	,			

2.4.2.5.2 Vocational Outcomes While in the LEA Program/Facility or Within 30 Days After Exit

In the table below, provide the <u>unduplicated</u> number of students who attained vocational outcomes while in the LEA program/facility or within 30 days after exit, by type of program/facility.

	At-Risk	Neglected			Other
# of Students Who	Programs	Programs	Juvenile Detention	Juvenile Corrections	Programs
Enrolled in external job training					
education	0	0	30	7	0
Obtained employment	1		32	69	0
Comments:					

2.4.2.6 Academic Performance - Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading - Subpart 2

In the tables below, provide the unduplicated number of <u>long-term</u> students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pretest. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the five change categories in the second table below. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2010, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities <u>together</u> in a single column. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	57		25	592	9
Long-term students who have complete pre- and post-test results (data)	54		35	499	9

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data).	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the preto post-test exams	7		2	91	1
No change in grade level from the pre- to post-test exams	11		3	88	1
Improvement of up to 1/2 grade level from the pre- to post-test exams	7		8	20	
Improvement from 1/2 up to one full grade level from the pre- to post-test exams	11		5	94	1
Improvement of more than one full grade level from the pre- to post-test exams	18		17	206	6
Comments:	•				

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2010, through June 30, 2011.

2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade					
level upon entry	64		31	670	8
Long-term students who have complete pre-					
and post-test results (data)	55		35	526	9

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data).	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	10		4	95	1
No change in grade level from the pre- to post- test exams	7		3	96	1
Improvement of up to 1/2 grade level from the pre- to post-test exams	15		12	34	2
Improvement from 1/2 up to one full grade level from the pre- to post-test exams	12		6	104	1
Improvement of more than one full grade level from the pre- to post-test exams	11		10	197	4

2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Use, possession or sale of alcohol on school grounds, in school vehicles, or at school activities or sanctioned events.
Illicit drug related	Use, possession, or sale of drugs or controlled substances on school grounds, in school vehicles, or at school activities or sanctioned events.
Violent incident without physical injury	Colorado does not have a definition of this category, nor does it collect information per this label.
with physical injury	Meets the state criminal code definition for 1st, 2nd, and 3rd degree assaults, and vehicular assaults. Also includes "disorderly conduct" that covers physical fights, whereas actual injury is unknown, but still most likely fits the definition of "injury" per state statutes. Third degree assault and disorderly are not disaggregated in the data collection.
Weapons possession	This could be a firearm, whether loaded or unloaded, or a firearm facsimile that could reasonably be mistaken for an actual firearm; any pellet or BB gun or other device, whether operational or not, designed to propel projectiles by spring action or compressed air; includes a fixed blade knife with a blade that measures longer than three inches in length or a spring-loaded knife or a pocket knife with a blade longer than three and one-half inches. This could be any object, device, instrument, material, or substance that could be used or intended to be used to inflict death or serious bodily injury.
Comments:	

2.7.2.2 Out-of-School Suspensions and Expulsions for Violent Incident Without Physical Injury

The following questions collect data on violent incident without physical injury.

2.7.2.2.1 Out-of-School Suspensions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of-school suspensions for <u>violent incident without physical injury</u> by grade level. Also, provide the number of LEAs that reported data on <u>violent incident without physical injury</u>, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident Without Physical Injury	# LEAs Reporting			
K through 5	0	0			
6 through 8	0	0			
9 through 12	0	0			
Comments: Colorado does not collect these data.					

2.7.2.2.2 Out-of-School Expulsions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of school expulsions for <u>violent incident without physical injury</u> by grade level. Also, provide the number of LEAs that reported data on <u>violent incident without physical injury</u>, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident Without Physical Injury	# LEAs Reporting			
K through 5	0	0			
6 through 8	0	0			
9 through 12	0	0			
Comments: Colorado does not collect these data.					

2.7.2.3 Out-of-School Suspensions and Expulsions for Violent Incident with Physical Injury

The following questions collect data on violent incident with physical injury.

2.7.2.3.1 Out-of-School Suspensions for Violent Incident with Physical Injury

In the table below, provide the number of out-of-school suspensions for <u>violent incident with physical injury</u> by grade level. Also, provide the number of LEAs that reported data on <u>violent incident with physical injury</u>, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	986	181
6 through 8	1,843	181
9 through 12	1,824	181
Comments:		

2.7.2.3.2 Out-of-School Expulsions for Violent Incident with Physical Injury

In the table below, provide the number of out-of school expulsions for <u>violent incident with physical injury</u> by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	3	181
6 through 8	38	181
9 through 12	104	181
Comments:		

2.7.2.4 Out-of-School Suspensions and Expulsions for Weapons Possession

The following sections collect data on weapons possession.

2.7.2.4.1 Out-of-School Suspensions for Weapons Possession

In the table below, provide the number of out-of-school suspensions for <u>weapons possession</u> by grade level. Also, provide the number of LEAs that reported data on <u>weapons possession</u>, including LEAs that report no incidents.

Grades	# Suspensions for Weapons Possession	# LEAs Reporting
K through 5	167	181
6 through 8	126	181
9 through 12	182	181
Comments:		

2.7.2.4.2 Out-of-School Expulsions for Weapons Possession

In the table below, provide the number of out-of-school expulsions for <u>weapons possession</u> by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Expulsion for Weapons Possession	# LEAs Reporting
K through 5	73	181
6 through 8	93	181
9 through 12	182	181
Comments:		

2.7.2.5 Out-of-School Suspensions and Expulsions for Alcohol-Related Incidents

The following questions collect data on <u>alcohol-related</u> incidents.

2.7.2.5.1 Out-of-School Suspensions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school suspensions for <u>alcohol-related</u> incidents by grade level. Also, provide the number of LEAs that reported data on <u>alcohol-related</u> incidents, including LEAs that report no incidents.

Grades	# Suspensions for Alcohol-Related Incidents	# LEAs Reporting
K through 5	28	181
6 through 8	173	181
9 through 12	655	181
Comments:		

2.7.2.5.2 Out-of-School Expulsions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school expulsions for <u>alcohol-related</u> incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Alcohol-Related Incidents	# LEAs Reporting
K through 5	1	181
6 through 8	18	181
9 through 12	33	181
Comments:		

2.7.2.6 Out-of-School Suspensions and Expulsions for Illicit Drug-Related Incidents

The following questions collect data on illicit drug-related incidents.

2.7.2.6.1 Out-of-School Suspensions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school suspensions for <u>illicit drug-related</u> incidents by grade level. Also, provide the number of LEAs that reported data on <u>illicit drug-related</u> incidents, including LEAs that report no incidents.

Grades	# Suspensions for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	102	181
6 through 8	779	181
9 through 12	3,669	181
Comments:		

2.7.2.6.2 Out-of-School Expulsions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school expulsions for <u>illicit drug-related</u> incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	8	181
6 through 8	172	181
9 through 12	587	181
Comments:		

2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five <u>most common</u> efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Yes/No	Parental Involvement Activities
Yes	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
No_	Training and technical assistance to LEAs on recruiting and involving parents
No_	State requirement that parents must be included on LEA advisory councils
No_	State and local parent training, meetings, conferences, and workshops
No_	Parent involvement in State-level advisory groups
No_	Parent involvement in school-based teams or community coalitions
No_	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
Yes	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
No Response	Other Specify 1
No Response	Other Specify 2

In the space below, specify 'other' parental activities.

The response is limited to 8,000 characters.

2.9 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

2.9.1 LEA Use of Alternative Funding Authority Under the Small Rural Achievement (SRSA) Program (Title VI, Part B, Subpart 1)

In the table below, provide the number of LEAs that notified the State of their intent to use the alternative uses funding authority under Section 6211.

	# LEAs
# LEA's using SRSA alternative uses of funding authority	34
Comments:	

2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEAs
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	0
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	0
Educational technology, including software and hardware as described in Title II, Part D	0
Parental involvement activities	0
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	0
Activities authorized under Title I, Part A	7
Activities authorized under Title III (Language instruction for LEP and immigrant students)	0
Comments:	

2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

In Colorado, seven districts were eligible for the Rural, Low-Income School (RLIS) program during the 2010-11 school year. This was a decrease of two LEAs from the previous year. All seven received the funds. Although all seven did not make AYP in 2010-11, each made gains in various areas. All nine used program funds to help meet Title I section 1116 requirements.

The seven RLIS districts continue to greatly appreciate the additional financial resources and flexibility that the RLIS program provides. The quality of the applications continues to increase over time, as does the intentional targeting of the funds toward the specific non AYP-related issues.

Below are highlights of how the education leaders in these seven districts used RLIS program funds to supplement other efforts and support students' academic achievement:

ALAMOSA RE-11J, Alamosa, Colo.

The Alamosa school district met 82% of its 94 AYP targets.

Funds support the purchase of a DIBELS progress monitoring tool, support materials for math and reading, a technology assessment program, and partial salaries and benefits for paraprofessionals to teach keyboarding to 5th graders and staffing the computer lab. The district placed a heavy emphasis on integrating technology into curriculum, use of the computer lab for student access to NWEA tests

and MAPS to support data-driven instruction, and use of reading curriculum that incorporated best practices for instruction for English Language Learners and Special Ed students.

HUERFANO RE-1, Walsenburg, Colo.

The Huerfano school district met 89% of its 53 AYP targets.

Funds supported researched based strategies for the improvement of mathematics and reading instruction and in student learning as well as Joyce Epstein's six components of quality parent participation. Those components: parent education, communication, volunteerism, validating learning at home, leadership and collaboration are all embedded in each school's accountability-accreditation plan.

MONTEZUMA-CORTEZ RE-1, Cortez, Colo.

The Montezuma Cortez school district met 73% of its117 AYP targets.

Funds supported the following purchases and strategies: Technology for student assessment, .5 FTE for embedded SIOP instruction, .5 FTE Differentiated Instruction coach for job embedded professional development, Math Success Maker licenses and technology to improve reading and math skills.

EAST OTERO R-1, La Junta, Colo.

The East Otero school district met 74% of its 76 AYP targets.

Funds were used to purchase technology equipment and software so all teachers have access to the same level of instructional tools. This will bring teachers to the empowered collaboration of the technology community. They will target the media rich and relevant learning opportunities using technology for the underperforming target group.

ROCKY FORD R-2, Rocky Ford, Colo.

The Rocky Ford school district met 76% of its 67 AYP targets.

Funds supported updating Integrated Learning System A+ software in order to address Math instruction. The software will assess each student and program their learning to address specific needs. Once a student has demonstrated grade level proficiency they may then work in other subject areas such as science. Students at Jefferson Intermediate School will be provided additional math programming for them at their demonstrated level of need.

LAMAR RE-2, Lamar, Colo.

The Lamar school district met 90% of its 88 AYP targets.

Funds supported Academic Advisors to monitor student progress), and the revamping of our ESL program through professional development such as SIOP, RTI and the purchase of additional instructional materials. The funds will also support the Odyssey program that will benefit these various sub-populations in many ways. Odyssey diagnoses student strengths and weaknesses and prescribes appropriate curriculum.

MONTE VISTA C-8, Monte Vista, Colorado

The Monte Vista school district met 78% of its 80 AYP targets.

Funds supported school professionals at each site to analyze data and make instructional decisions based on the analysis to improve student achievement. Funds will also support extended day and summer school learning opportunities for students identified as not meeting academic proficiency in reading or math.

2.10 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)

2.10.1 State Transferability of Funds

Did the State transfer funds under the State Transferability authority of Section 6123(a)	
during SY 2010-11?	<u>No</u>
Comments:	

2.10.2 Local Educational Agency (LEA) Transferability of Funds

	#
LEAs that notified the State that they were transferring funds under the LEA	
Transferability authority of Section 6123(b).	5
Comments:	

2.10.2.1 LEA Funds Transfers

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

	# LEAs Transferring Funds <u>FROM</u> Eligible	# LEAs Transferring Funds <u>TO</u> Eligible
Program	Program	Program
Improving Teacher Quality State Grants (Section 2121)	5	0
Educational Technology State Grants (Section 2412(a)(2)(A))	0	1
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	1
State Grants for Innovative Programs (Section 5112(a))	0	0
Title I, Part A, Improving Basic Programs Operated by LEAs		3

In the table below provide the total amount of FY 2010 appropriated funds transferred from and to each eligible program.

_	Total Amount of Funds Transferred FROM Eligible	
Program	Program	Program
Improving Teacher Quality State Grants (Section 2121)	134,922.00	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0.00	39,082.00
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0.00	64,000.00
State Grants for Innovative Programs (Section 5112(a))	0.00	0.00
Title I, Part A, Improving Basic Programs Operated by LEAs		31,840.00
Total	134,922.00	134,922.00
Comments:		

The Department plans to obtain information on the use of funds under both the State and LEA Transferability Authority through evaluation studies.
