

Standards Review and Revision
Fourth Committee Meeting Summary

January 10, 2018

Computer Science Committee

Meeting Summary

Committee Chairperson: Axel Reitzig

Committee Members present: Andrea Young (only on May 20), Bill Heldman, Bobbi Bastian, Brandon Petersen, Chuck Powell, David Webb, Kristina Brown, and Sharon Combs

AM Focus:

- Axel Reitzig reported out on the presentation to the State Board of Education. He facilitated a short discussion on the public review feedback in broad and general terms. Committee began the work of considerations of public feedback and captured their determinations in a spreadsheet.

PM Focus:

- The afternoon was focused on beginning the work of making the edits the committee came to consensus on, in addition to discussing course sequencing. The meeting ended with assignments for homework for each committee member.

Fifth Committee Meeting Next Steps

For the next meeting of the Computer Science committee on February 20, 2018, committee members will:

- Come to the meeting with final recommendations of the standards that incorporated public feedback, a suggested model course sequence, and ideas for implementation.
