## **ARP-HCY Outreach and Emergency Assistance Grant**

Applications Due: Friday September 30, 2022, by 11:59 pm

#### Introduction

As COVID-19 disrupted education, services, and life across the country, children and youth experiencing homelessness and housing instability were exceptionally vulnerable. The Colorado Department of Education's (CDE) Education of Homeless Children and Youth Program (EHCY) received ongoing feedback from school district McKinney-Vento Homeless Education Liaisons and the overall community about the acute and increased needs of students experiencing homelessness throughout the pandemic and as we continue to recover. The EHCY program at CDE worked on setting up internal and external partnerships to help meet those needs, yet more resources including outreach, identification, and emergency response to basic needs are needed to respond to emergent needs.

The U.S. Department of Education, under section 2001(b)(1) of the <u>American Rescue Plan Act of 2021</u>, is providing additional funding to help support states in serving students experiencing homelessness. The purposes of this funding include increasing the identification of homeless children and youth, providing wraparound services considering the impact of the COVID-19 pandemic, and providing assistance needed to enable homeless children and youth to attend school and participate fully in school activities.

The McKinney Act (Public Law 100-77) includes several provisions to help individuals experiencing homelessness. One component of the Act (Subtitle VII-B) requires states to assure that children and youth experiencing homelessness have access to a free and appropriate public education. In addition, the McKinney-Vento Act requires Local Education Agencies ("LEAs", also referred to as school districts throughout this document) and Boards of Cooperative Educational Services (BOCES) to enroll children and youth experiencing homelessness, even if they are not permanent residents of the school district; provide comparable services to children and youth experiencing homelessness; and maintain the records of children and youth experiencing homelessness so that records are made available when a child or youth enters a new school. The educational provisions of the McKinney Act were reauthorized under the Elementary and Secondary Education Act (ESEA) in the fall of 1994 and again in 2002 as Title X, Part C of the No Child Left Behind Act (NCLB). The most recent reauthorization occurred in December 2015 as Title IX, Part A of the Every Student Succeeds Act (ESSA). More information on the McKinney-Vento Homeless Assistance Act and other helpful resources can be found on CDE's Homeless Education website at or on the website for the National Center for Homeless Education.

The term "homeless children and youth" means individuals who lack a fixed, regular, and adequate primary nighttime residence and includes children and youth who are:

- Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
- Living in motels, hotels, trailer parks (that are deemed as inadequate housing), or camping grounds due to the lack of alternative adequate accommodations;
- Living in emergency or transitional shelters;
- Abandoned in hospitals;
- Residing in a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
- Migratory children living in the above circumstances; and/or
- Unaccompanied youth living in the above circumstances.
